

Super-automatic espresso machine

- 3 Beverages
- Classic Milk Frother
- Black

HD8651/01

Taste the aroma of your favorite coffee beans

100% ceramic grinders for long-lasting performance

Whatever blend of coffee you like, you can grind the beans fresh on the spot extracting maximum flavors thanks to the ceramic grinders that don't overheat the beans. And with the manual frother, just top your coffee with creamy milk foam.

Benefits

A variety of coffees customized to your taste

- Enjoy 3 beverages at your fingertips
- Delicious milk froth thanks to the classic milk frother
- Adjust the length and 5 grinder settings
- Enjoy 2 cups at the same time with Double Cup function
- Adjust and store your personal user profile

Your fresh coffee experience

- 100% Ceramic grinders for long lasting performance

- Always the right strength in cup, no matters which beans
- Hot coffee from the first cup with the quick heat boiler

Enjoy your coffees every day with no hassle

- Thorough cleaning thanks to fully removable brewing group
- Fits any kitchen thanks to the small size and frontal access
- Enjoy a great coffee with Auto-Rinse & guided descaling

PHILIPS

Features

100% ceramic grinders

Ceramic material ensures long-lasting performance and silent operation while not deteriorating. This means your coffee will be always ground like the first time, delivering the best of your beans for more than 15.000 cups.

3 beverages

Enjoy your favourite drinks for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Classic milk frother

The Classic Milk Frother, which baristas also call Pannarello, dispenses steam to help you easily prepare soft milk foam for your cappuccino. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

Customize your coffees

Adjust the length and 5 grinder settings

Double Cup

Enjoy and share your favorite coffee thanks to the double cup function

Gusto perfetto

Gusto Perfetto is self learning technology that tracks constantly the beans you use to prepare your drinks. If it detects a change in the type of beans used, it automatically adjust the dosing in the brew chamber to always ensure a consistent result in cup

Quick Heat Boiler

Say goodbye to lukewarm coffee. The Quick heat boiler ensures a hot coffee and cappuccino for you family from the first cup, in no time. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.

Removable brew group

The brewing group is the heart of every super-automatic coffee machine, and should be cleaned regularly. The fully removable brewing group allows you to clean it thoroughly just by rinsing it under the tap

Small size and frontal access

It doesn't matter how big your kitchen is: this machine fits even the smallest spaces, and it is extremely convenient as you can access the water and waste containers from the front. Designed for making your coffee enjoyment easier.

User Profiles

Store the length of any coffee beverage according to your personal taste. You will be able to drink espresso, coffee and all other beverages always as you prefer, at the touch of a button.

Auto-Rinse & Guided descaling

This espresso machine automatically cleans its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will prompt when descaling is needed. It will guide you with on-screen messages what you have to do and when.
