Taste the aroma of your favorite coffee beans

100% ceramic grinders for long-lasting performance

Whatever blend of coffee you like, you can grind the beans fresh on the spot extracting maximum flavors thanks to the ceramic grinders that don't overheat the beans. And with the manual frother, just top your coffee with creamy milk foam.

A variety of coffees customized to your taste

- Enjoy 3 beverages at your fingertips
- Delicious milk froth thanks to the classic milk frother
- Adjust the length and 5 grinder settings
- Adjust and store your personal user profile
- Enjoy 2 cups at the same time with Double Cup function

Your fresh coffee experience

- 100% Ceramic grinders for long lasting performance
- Hot coffee from the first cup with the quick heat boiler
- Always the right strength in cup, no matters which beans

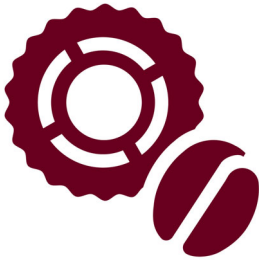

Enjoy your coffees every day with no hassle

- Enjoy a great coffee with Auto-Rinse & guided descaling
- Fits any kitchen thanks to the small size and frontal access
- Thorough cleaning thanks to fully removable brewing group

PHILIPS

Highlights

100% ceramic grinders

Ceramic material ensures long-lasting performance and silent operation while not deteriorating. This means your coffee will be always ground like the first time, delivering the best of your beans for more than 15.000 cups.

3 beverages

Enjoy your favourite drinks for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Classic milk frother

The Classic Milk Frother, which baristas also call Pannarello, dispenses steam to help you

easily prepare soft milk foam for your cappuccino. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

Customize your coffees

Adjust the length and 5 grinder settings

Double Cup

Enjoy and share your favorite coffee thanks to the double cup function

Gusto perfetto

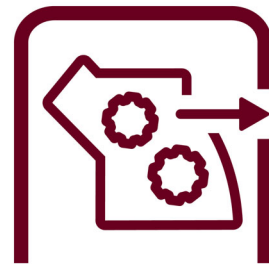

Gusto Perfetto is self learning technology that tracks constantly the beans you use to prepare your drinks. If it detects a change in the type of beans used, it automatically adjust the dosing in the brew chamber to always ensure a consistent result in cup

Quick Heat Boiler

Say goodbye to lukewarm coffee. The Quick heat boiler ensures a hot coffee and cappuccino for you family from the first cup, in no time. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.

Removable brew group

The brewing group is the heart of every super-automatic coffee machine, and should be cleaned regularly. The fully removable brewing group allows you to clean it thoroughly just by rinsing it under the tap
