- Keep warm function for flexible serving time
- QuickControl dial with digital display

Thoughtfully designed

- Large 0.8 kg capacity
- Universal EasyClick handle - easily exchange accessories

PHILIPS

Features

Crispy and tender results

Thanks to Philips TurboStar technology, all food is exposed to this constant, circulating heat and is cooked through simultaneously. The result is evenly fried food – with no turning needed - even when food is piled up. In addition to the heated air flow, powerful direct heat from above quickly crisps the food for delicious, golden-brown results. “Crispy on the outside, tender on the inside”

QuickClean basket

With Philips' Airfryer QuickClean basket which includes a removable non-stick mesh, cleaning becomes easier and faster. The removable nonstick coated drawer and the food basket are dishwasher safe for easy cleaning. Philips Airfryer with TurboStar technology saves you and your home from the smell of fried oil compared to a regular fryer.

Inspiring recipes

The Philips Airfryer app is free and filled with delicious recipes and easy to follow step-by-step cooking instructions. Get inspired with quick, healthy snacks or meals for special occasions.

Instant heat-up

Philips Airfryer is ready to use immediately. Integrally faster from start to end it drives every day usage by superiority along the whole cooking process.

Presets most popular dishes

We created preset programs for popular dishes, so you can cook them with just one click. You'll enjoy the ease of our preset programs for frozen fries, meat, fish and drumsticks.

Cooks fried food 50% more even

The unique TurboStar technology swirls hot air continuously through the whole cooking chamber, resulting in even heat distribution throughout the entire basket. “TurboStar achieves the most optimal airflow so food cooks 50% more evenly”

More of your favorite dishes

Not just great for frying, the innovative Philips Airfryer with TurboStar technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

Small in size, big in capacity

Airfryer has been thoughtfully designed for your kitchen. It allows you to save space on your counter top while still enabling to cook large amount of food (800 gr of fries).

QuickControl dial

The new QuickControl dial is your main Airfryer control. Just turn it to set the right temperature, then click. Turn again to set the time – then click to start cooking.

Healthier frying

The unique Philips TurboStar generates fast superheated air to fry your food with little to no added oil. Philips Airfryer also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!

Avance Collection

Universal EasyClick handle

Philips' new universal EasyClick handle helps you mix and match the right cooking accessory and achieve the best results for your key dishes- every day. Additionally it allows for compacter storage after use.
