- 100% safe on all ironable garments
- Tested and approved by independent textile experts

- 100% fast on all fabrics, no other steam iron is faster

- OptimalTemp technology: perfect combination of temperature

#### Fast and powerful ironing

- Steam boost up to 220 g
- Steam output of up to 50 g/min for better crease removal
- 3000 W iron for fast heat up

**PHILIPS**

## Features

### 100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

### 100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester. Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed the excellence of ironing results.

### Tested and approved:

This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI, IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far the only brand able to be certified with the Gold standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

### 100% fast

100% fast to iron, no sorting required. Iron all your garments with more effective steam.

### Steam boost up to 220 g

The steam boost can be used for vertical steaming and tough creases.

### Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

### CordGuide

The innovative CordGuide simply clicks to your ironing board and guides the cord away while ironing.

### Suitable for tap water

PerfectCare Azur steam iron is designed to be used with tap water. Double Active Calc Clean: A smart combination of Calc Pills and a regular Self Clean reduce the scale built-up. For better ironing results we recommend to use demineralized water. This ensures a consistent steam flow from your iron.

### T-ionicGlide soleplate

T-ionicGlide is Philips most premium soleplate. Delivering a new standard in glide and scratch resistance for OptimalTemp irons. The patented new coating will secure excellent results. The carefully designed shape and vent holes provide an even steam distribution for easy crease removal with the steam iron.

### OptimalTemp technology

The latest revolution in ironing to deliver the perfect combination of steam and temperature. It's made to ensure you with speedy ironing, great results on tough creases, no setting required and safe on all ironable fabrics. The perfect combination of steam and temperature because: 1) Smart Control Processor setting the right temperature 2) HeatFlow technology enabling an even steam and temperature balance.

## PerfectCare Azur

### Deep ionized steam

The unique composition of ions automatically released into the steam results in an optimal, hygienic ironing on all ironable garments.

### 3000 W for fast heat up

3000 W iron for fast heat up and powerful performance on all your ironable garments
