

Steam generator iron

- Max 5 bar pump pressure
- 210 g steam boost
- Carry lock
- 1.7 L fixed water tank

GC7035

Faster and easier ironing**

with no temperature setting required

Philips steam generator iron delivers faster and easier ironing experience. Iron your garments no temperature adjustment needed thanks to the revolutionary OptimalTEMP technology.

Benefits

Carefree ironing, no temperature setting required

- Iron from jeans to silk with no temperature setting required
- Safe to leave the hot soleplate on the ironing board
- Tested and approved by independent textile experts

Fast and powerful ironing

- Saving energy with ECO mode
- Lock your iron securely to the base station

- Steam boost up to 210 g
- Ready to use in 2 minutes with unlimited refill
- SteamGlide Plus: perfect mix between gliding and stretching
- Max 5 bar pump pressure
- Smart Calc clean system with sound&light Calc Clean reminder

Features

OptimalTEMP technology

"Now you can iron from jeans to silk with no temperature setting required. Guaranteed no burn on all ironable fabrics. Revolutionary technology with the 1) Advanced Smart Control Processor which controls precisely the soleplate temperature. You do not need to adjust temperature 2) Compact ProVelocity

steam engine delivers more steam for ironing faster. It enables compact design of your steam generator for easier storage"

PHILIPS

PerfectCare Viva

Energy saving

By using the ECO mode, with reduced amount of steam, you can save energy without compromising on the ironing results. For faster ironing, switch to Turbo mode, which generates more steam.

Safety carry lock

Your steam generator iron comes with a safety carry lock. You can lock your iron safely on the base, making it safer, reducing the risk of people touching the hot soleplate. You can also carry the steam generator easily.

Safe rest

The Philips innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. During ironing, no need to put your iron back to the base station, just leave the hot iron soleplate directly on the garments or cotton ironing board cover without additional resting accessory. It will not damage any of your ironable garments, neither the board. This makes your ironing easier with less wrist efforts.

Steam boost up to 210 g

The steam boost can be used for vertical steaming and tough creases.

Steam ready in 2 minutes

Steam is ready to use in 2min and can be refilled at anytime during ironing.

Tested and approved:

This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI, IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far

the only brand able to be certified with the Gold standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

SteamGlide Plus soleplate

For the best results you need a soleplate that has the optimal balance between gliding and stretching. This is offered through SteamGlide Plus with its easy glide zone and perfect stretch zone.

Max 5 bar pump pressure

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

Smart Calc Clean system

Smart Calc Clean system is an intergrated descaling and cleaning fuction to protect your steam generator iron. After each about 10 hour ironing, you will be reminded by the soud and light of your steam genreator iron to perform calc clean process. The Calc Clean Container will provide you the convenience during the Calc Clean process, by just resting your iron on the container without holding your iron to stress your waist. After cleaning process, all the dirty water is collected in the container, your steam generator iron is ready to use again.
