

Philips
Garment Steamer

- 1500 W, up to 30 g/min
- 2-in-1 function
- PureSteam technology
- StyleMat

GC442/86

Most powerful steam for quicker results every day

With innovative PureSteam technology and StyleMat

Thanks to the innovative PureSteam technology with quick calc release, StyleTouch Pure garment steamer delivers powerful steam for years to come. Effectively eliminating creases and easy to use, StyleTouch Pure gets you ready in no time!

Benefits

Powerful crease removal for years to come

- PureSteam technology: powerful steam for years to come
- 2-in-1 vertical and horizontal steaming for better results
- SmartFlow heated plate to prevent wet spots
- StyleMat provides support for final crisp touch
- Most powerful steam up to 30g/min for faster results

Easy to use and safe

- Fast heat-up time
- Quick calc release to remove scale from your steamer

- XL water tank for carefree steaming without refill
- Brush accessory for thicker fabrics
- Automatic continuous steam delivered by electric pump
- Safe to use on all delicate fabrics like silk
- Safe rest during steaming

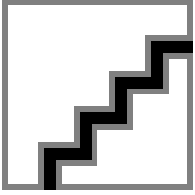

Refresh clothes without washing or dry cleaning

- Powerful steam removes odors and kills 99,9% of the bacteria

PHILIPS

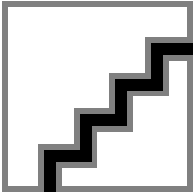

Features

PureSteam technology

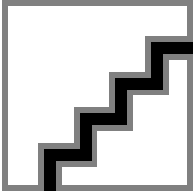

Other steamers are easy to lose steam performance over time due to scale build-up. Thanks to the innovative PureSteam technology with quick calc release, the scale does not stick to the heater and is easy to remove. It is so effective that the steam is powerful for years to come.

2-in-1 function

Steam your clothes vertically without using an ironing board, or give them a finishing crisp touch by steaming horizontally on any straight surface around you. Due to its unique internal design this steamer will generate powerful continuous steam even in horizontal position. Especially useful for tricky areas, like collars or cuffs.

Fast heat-up time

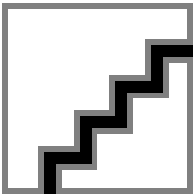

StyleTouch Pure is ready to steam in no time. Just plug it in, wait for less than 1 minute, steam and go!

Quick calc release

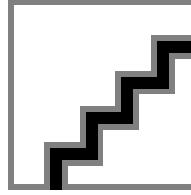

Quick calc release is the easiest way to remove scale from your steamer. Together with PureSteam technology, quick calc release guarantees consistently powerful steam for years to come.

XL watertank

The 200 ml water tank enables steaming up to 3 garments without refill. Enough to touch up a complete outfit and get ready in no time.

Brush accessory

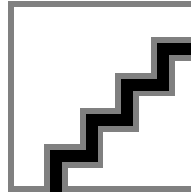

The brush attachment opens the fabric fibers and enables better steam penetration. It is especially good for thicker garments like jackets and coats. It can also help remove dirt and pills.

Continuous steam

Thanks to the electric pump, you do not need to pump manually. Just hold the trigger pressed and steam comes out continuously.

SmartFlow heated plate

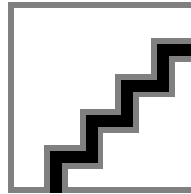

The SmartFlow heated plate prevents condensation on your garments while still being 100% safe on all your clothes even delicates.

Safe on all garments

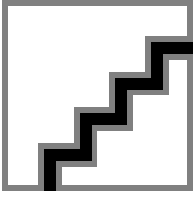

The steamer is safe to use on all fabrics. It is a great solution for delicate fabrics like silk and cashmere.

Safe rest

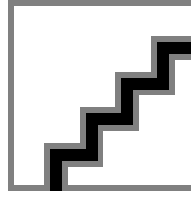

During the steaming session, you can rest the garment steamer just by letting it stand on its base. It is an easy and safe resting position.

Remove odors and bacteria

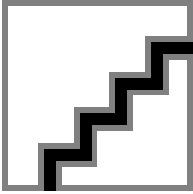

Powerful steam removes cigarette, food and body odors. Steam also kills 99,9% of the bacteria. ** Tested by external body for bacteria types Escherichia coli 8099, Staphylococcus aureus ATCC 6538, Canidia albicans ATCC 10231 with 8 minutes steaming time.

Most powerful steam

StyleTouch Pure is our most powerful handheld steamer, fundamentally different from other steamers. With up to 30g/min, it generates powerful steam which penetrates deeper into the garments, enabling you to remove creases faster.

StyleMat

The StyleMat combined with the 2-in-1 function provides support when steaming both vertically and horizontally. The support enables you to stretch the garment which leads to the best results one can achieve with a garment steamer. StyleMat also serves as protection for the surface behind.
