

Steam iron

- Steam 40g/min; 140g steam boost
- SteamGlide soleplate
- Anti-calc
- 2400 Watts

GC3803/30

Faster, Easier and Smarter

With our innovative steam and temperature control

The Philips steam iron Azur Performer combines powerful performance with ease of use. Our Auto Steam Control provides the right amount of steam for each garment. The SteamGlide soleplate delivers great gliding to speed up your ironing.

Benefits

Fast and powerful performance

- 2400 W for quick iron heat-up
- Steam output of up to 40 g/min for better crease removal
- Steam boost up to 140 g

Easy gliding on all fabrics

- SteamGlide soleplate for smooth and easy gliding

Safe ironing

Features

2400 W for quick heat-up

With 2400 W, the Azur Performer Plus steam iron will heat up quickly and give a powerful performance to deliver super ironing results.

- Double Active Calc System to help prevent calc build-up

Comfortable ironing

- Auto Steam Control for the right steam for each garment
- Triple precision tip for optimal control and visibility
- Optimal weight for easier manoeuvrability over your garments

PHILIPS

Azur Performer

Steam up to 40 g/min

Continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

Steam boost up to 140 g

Steam boost up to 140 g for fast removal of even the most stubborn creases.

SteamGlide soleplate

The SteamGlide soleplate on the Azur Performer steam iron provides a premium gliding experience, great scratch resistance and easy cleaning.

Double Active Calc Clean

Your Philips steam iron's Double Active Calc system prevents scale build-up through anti-scale pills and an easy-to-use calc clean function. Regular cleaning

of calc from your steam iron results in fewer white stains from calc and longer steam performance, giving better ironing results.

Auto Steam Control

Auto Steam Control takes away the worry of selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

Triple Precision Tip

The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, a button groove and a sleek nose design. The Triple Precision tip enables you to reach into even the trickiest areas, e.g. around buttons or between pleats.

Optimal weight

The iron has an optimal weight for moving easily over any garment, making ironing less of a hassle and making it easy to move the iron constantly between the board and its heel rest.

Specifications
