#### Less Hair Damage

- ThermoProtect temperature setting

#### Easy to use

- Easy storage hook for convenient storage
- 1.8 m power cord
- Removable air flow filter makes cleaning quick and easy

**PHILIPS**

# ThermoProtect

## Features

### Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

### Professional 2100 W

This 2100 W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

### Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

### Slim styling nozzle

Perfect styling results and a shiny, polished look with a slim styling nozzle for precise styling.

### ThermoProtect temperature

The ThermoProtect temperature provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results, whilst being kind to your hair.

### 1.8 m cord

Convenient to use thanks to the 1.8-m power cord length.

### Removable air inlet filter

The removable air flow filter of your hairdryer is easy to maintain. Simply click off to clean. Doing this regularly will prevent build-up of dust and hair that can affect drying performance.

### Speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.
