- Cooks fried food 50% more evenly*
- Unique TurboStar technology for healthier frying

Thoughtfully designed

- Large 0.8 kg capacity, 20% compacter*
- Universal EasyClick handle - easily exchange accessories

PHILIPS

Highlights

Crispy and tender results

Thanks to Philips TurboStar technology, all food is exposed to this constant, circulating heat and is cooked through simultaneously. The result is evenly fried food – with no turning needed - even when food is piled up. In addition to the heated air flow, powerful direct heat from above quickly crisps the food for delicious, golden-brown results. “Crispy on the outside, tender on the inside”

Dishwasher safe parts

The removable nonstick coated drawer and the food basket are dishwasher safe for easy cleaning. Philips Airfryer with Rapid Air Technology saves you and your home from the smell of fried oil compared to a regular fryer.

QuickClean basket

With Philips' Airfryer QuickClean basket which includes a removable non-stick mesh, cleaning becomes easier and faster. The removable nonstick coated drawer and the food basket are dishwasher safe for easy cleaning. Philips Airfryer with TurboStar technology saves you and your home from the smell of fried oil compared to a regular fryer.

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Rapid Air technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

Small in size, big in capacity

The new Airfryer has been designed with compactness in mind (20% smaller) while still enabling to cook large amount of food (800 gr). With its reduced size it blends in perfectly onto the kitchen counter-top and serves delicious meals for the whole family. Its thoughtful size enables every day usage and a world of possibilities.

Instant heat-up

Philips Airfryer is ready to use immediately. Integrally faster from start to end it drives every day usage by superiority along the whole cooking process.

Cooks fried food 50% more even

The unique TurboStar technology swirls hot air continuously through the whole cooking chamber, resulting in even heat distribution throughout the entire basket. “TurboStar achieves the most optimal airflow so food cooks 50% more evenly”

Healthier frying

The unique Philips TurboStar generates fast superheated air to fry your food with little to no added oil. Philips Airfryer also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!
