### DualCut Technology

Advanced DualCut Technology combines a double-sharpened cutting element with low-friction engineering.

### Skin-friendly detail shaver

The skin-friendly 21-mm detail foil shaver is designed to fit into small spaces with more precision than a blade, for a clean shave even in hard-to-reach areas.

### 3 precision combs

Trim and maintain the uniform length of your stubble, beard, goatee, sideburns and moustache with the 1-mm, 3-mm and 5-mm click-on precision combs.

### Water resistant

The trimmer and the combs are easy to clean under the tap and can be used in the shower.

### Brush

The brush keeps the blade clean after use.

### Soft rubber grip

The soft-touch rubber grip gives you the best hold, even when wet, for better control when you operate your trimmer.

### AA battery included

AA battery-operated, your trimmer is ready to use straight away.
