## Features

### Full body grooming

Designed to be safe and comfortable for underarms, chest and abs, back and shoulders, groin area and legs. The skin-friendly shaver catches and cuts hairs of different lengths, without the need for multiple tools or skin contact with sharp edges.

### Skin-friendly shaver

The shaver head features patented rounded tips and a hypo-allergenic foil to protect your skin while shaving. The bi-directional trimmers cut longer hairs, which are shaved by the foil for a closer result.

### Bi-directional body combs

3 combs included for different body hair lengths. Attach the combs to the shaving system to trim hair to fixed length settings of 3 mm, 5 mm or 7 mm. You can use the shaving system without the combs for a closer result. For thicker hair, pre-trimming with the fixed combs is recommended.

### Shave your back

Conveniently remove back hair. This attachment has been specially designed for convenient back grooming.

### Rechargeable battery power

High-power Li-ion battery for full body use, with 60 minutes of cordless use after a 1 hour charge. The battery light indicates power status, when the battery is low or full.

### 100% Showerproof

Provides a comfortable and close result in or out of the shower. The body groomer is fully water-resistant, so you can simply rinse it clean when you've finished. For longer hair, trimming performance may be better on dry hair.

### Ergonomic grip

The rubber grip is designed to ensure optimal handling even when wet, for better control during use, in or out of the shower.

### Built to last

All of our grooming products are built to last. They come with a 2-year worldwide guarantee and worldwide voltage compatibility, and they never need to be oiled.
