Advanced PowerCyclone 7 for thorough cleaning Easy and hygienic dust disposal

Philips PowerPro Active bagless vacuum cleaner delivers top cleaning performance, thanks to advanced PowerCyclone 7 technology and TriActive nozzle, engineered to maximize dust pick-up. The dust container is designed for hygienic emptying.

Maximum performance

- Powerful 2000W motor for excellent cleaning results
- PowerCyclone 7 keeps strong suction power for longer
- TriActive nozzle for thorough cleaning on all floors

Maximum convenience

- Power control function to adjust suction power
- Compact design with front and top handle for easy carrying
- Soft bumper and rubber wheels to protect furniture
- Soft brush integrated into handle & Furniture nozzle

Hygienic cleaning

- Dust bin designed for hygienic emptying with one hand
- Allergy H13 filter system captures >99.9% of fine dust

Highlights

Powerful motor

Highly efficient 2000 Watt motor generates high suction power for perfect cleaning results.

PowerCyclone 7

The aerodynamic design of PowerCyclone 7 minimizes air resistance and ensures exceptional cleaning performance through 3 highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air upwards in the cyclonic chamber. 3) At the top of the cyclone, the exit blades effectively cut out the dust from the air.

TriActive nozzle

The TriActive nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the

dust deep down. 2) It sucks up big bits with its larger opening at the front. 3) It picks up the dust and dirt closely alongside furniture and walls with its left and right side air channels.

Power control

Power control function to adjust the suction power for different cleaning tasks, such as hard floors, wooden floor and soft furnishings.

Simple and tidy to empty

The dust bin is designed for hygienic removing and emptying with one hand, which helps minimize dust clouds.

Ultra-Hygiene filter

The fully-sealed filtration system captures >99.9% of fine dust particles - including pollen, pet hair and dust mites - for allergy

sufferers and anyone demanding a higher level of hygiene. Filtration level is equivalent to HEPA 13*.

Light weight and compact

Top and front handles for easy carrying. Compact design enables convenient storage.

Soft bumper and rubber wheels

Soft bumper and rubber wheels to protect furniture, prevent scratches on the floor. Enables and ensure easy manoeuvrability.

Soft brush & furniture nozzle

A dusting brush attachment is built right into the handle so it's always ready to use for furniture, flat surfaces. The furniture nozzle ideal to clean soft furnishings and to remove pet hair.

Specifications

Performance

Input power (max): 2000 W
Input power (IEC): 1700 W
Sound power level: 72-82 dB
Suction power (max): 410 W

Usability

Action radius: 9 m
Carrying handle: Top and front
Tube type: Metal 2-piece telescopic tube
Wheel type: Rubber
Tube coupling: ActiveLock
Power control: Electronic on appliance

Design

Color: Dark Royal Blue

Filtration

Dust capacity: 1.5 L
Exhaust filter: Allergy H13 filter
Motor filter: Washable filter
Filtration level: HEPA13 level**

Nozzles and accessories

Accessories included: Crevice tool, Integrated brush
Accessory storage: On tubeclip
Additional nozzle: Furniture nozzle

Standard nozzle: TriActive nozzle

Extra accessories: Filter replacement:
FC8010/02

Sustainability

Packaging: > 90% recycled materials
User manual: 100% recycled paper
