Super powerful ironing

with Ultra-light iron

PerfectCare Aqua Pro comes with our ultra-light iron and extra large 2.5 L watertank, ideal for long ironing sessions and perfect vertical steaming.

No temperature setting needed, guaranteed no burn

- Iron jeans to silk, no need to change temperature setting
- Safe to leave the hot soleplate on the ironing board
- Tested and approved by independent textile experts

Fast ironing with continuous powerful steam

- Powerful steam for ultimate crease removal
- Easy and efficient descaling system
- Philips best gliding and most scratch resistant soleplate
- Save energy with ECO mode

Ultimate ironing experience

- Enjoy powerful ironing with minimum noise
- Light weight and comfortable to handle
- Extra-large water tank for longer continuous use
- Safe and secure carry lock
- Automatic switch off for safety and energy saving

Highlights

OptimalTEMP technology

With OptimalTEMP technology you'll no longer have to waste time changing temperature settings, waiting for the temperature to adjust or pre-sorting clothes. Iron fabrics from jeans to silk, with guaranteed no burns thanks to the perfect combination of temperature and continuous powerful steam.

Safe rest

Innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. As well as the reassurance this provides whilst ironing, it also means you can leave the hot iron soleplate directly on your cotton ironing board without causing any damage. This helps to reduce any discomfort to your wrists, as you won't need to lift the iron to and from its base as often.

Tested and approved

This iron is tested and approved by independent textile expert institutes such as DWI, IWTO and Woolmark, for its excellent ironing performance. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products.

Philips with its exclusive OptimalTEMP technology is so far the only ironing brand able to be certified with the Gold standard from Woolmark. You can be confident that our Woolmark-approved apparel care products are ideally suited for any wool garments.

Ultra powerful steam

An ultra-fast ironing experience can be yours with revolutionary technology. The powerful and continuous steam tackles even rough creases, and thicker fabrics are smoothed out with ease and speed. Plus there's an extra steam boost if needed, perfect for vertical steaming or stubborn creases.

Easy De-Calc

Regular descaling protects your iron and ensures you'll continue to get the very best steam performance. The exclusively designed and ideally positioned Easy De-Calc Plus function provides the ideal way to get rid of lime scale and extend the lifespan of your steam generator iron. The iron will remind you with both light and sound when it's time to clean and descale. Then when your appliance is cold, simply remove the Easy De-Calc knob, collect the dirty water and scale into a cup and discard.

T-ionicGlide soleplate

The T-ionic Glide is Philips' most premium soleplate, promising superior gliding for more effortless and fast ironing. It has a stainless steel base which is harder and more durable than aluminum, with an integrated titanium oxide layer for advanced scratch resistance. Plus the carefully designed shape and vents provide an even better steam distribution for faster crease removal.

Energy saving

ECO mode allows you to save energy without compromising your ironing results. The ECO mode uses a reduced amount of steam, but still a sufficient amount to iron all your garments.

Silent steam technology

Powerful steam doesn't have to mean noisy ironing. Enjoy ironing with family around, whilst watching TV or when listening to music, without being disturbed by the noise. The steam generator is fitted with silencing steam filters to minimize noise of steam and a sound-absorbing platform to reduce the vibration noise in the base.

Specifications

Technology

Cyclonic steam chamber
For all ironable fabrics
No burns
No temperature settings needed
OptimalTEMP technology
Silent steam Technology
Smart Control Processor

Fast crease removal

Continuous steam: Up to 120 g/min
Power: Max 2100 W
Pressure: Max 6.7 bar
Ready to use: 2 min
Steam boost: Up to 450 g
Steam-on-demand
Variable steam levels
Vertical steam
Voltage: 220 - 240 V

Easy to use

Safe on all ironable fabrics: Even delicates like silk
Soleplate gliding performance: 5 stars
Soleplate name: T-ionicGlide
Water tank capacity: 2500 ml
Cord freedom (swivel): 360 degree cord freedom
Hose length: 1.7 m
Power cord length: 1.8 m
Precision steam tip
Ready to use: Light indicator
Refill any time during use
Safety auto off
Soleplate scratch resistance: 5 stars
Tap water suitable
Heat up time: 2 min
Extra large filling hole

Scale management

Descaling and cleaning: Easy De-calc
Descaling reminder: Light, Yes

Storage

Carry lock: For transportation and safety
Cord storage: Velcro fix
Hose storage: Hose storage compartment

Size and weight

Product dimensions (WxHxL): 36.2 x 27 x 26.3 cm
Weight of iron: 0.8 kg
Weight of iron + base: 4.2 kg

Guarantee

2 year worldwide guarantee

Green efficiency

Energy saving mode
Product packaging: 100% recycable
User manual: 100% recycled paper
