Highlights

360° suction nozzle

360° suction nozzle captures dust and dirt faster with every stroke, even backwards and against edges, to make every move count.

PowerBlade digital motor

PowerBlade is a digital motor engineered for unmatched high airflow (>1000 L/min) that produces 360° suction at the nozzle. Register at Philips.com within 3 months of purchase and enjoy a free 5-year motor warranty!

PowerCyclone 8 technology

PowerCyclone 8 technology - our best bagless vacuum cleaning technology now in a cordless stick, to keep stronger suction for longer.

Triple filtration system

The triple filter system returns only the clean air back to the motor, ensuring high airflow for longer

Smart power control

Smart digital display indicates speed and battery usage, and lets you know when it's time to clean the filter.

Integrated accessories

Accessories are simple to use with one click. The detachable handheld unit makes SpeedPro Max two devices in one. The brush attachment is integrated into the tube so it's always at hand.

LED nozzle

Dust, fluff, hair and crumbs are easy to spot and eliminate with LED lights in the SpeedPro Max nozzle. LED nozzle even reveals hidden dirt.

Fast reach everywhere

SpeedPro Max is flexible and easy to manoeuvre. The dust bucket is on top, which allows for a lower angle and it even goes fully flat on the floor to reach under low furniture.
