Beard trimmer BT1214/15

## Highlights

#### **Stainless Steel Blades**

Get a perfect yet protective trim, time after time. The trimmer's steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective as on day 1.

#### 60 min cordless use

Charge your trimmer for 8 hours with your USB cable to get 60 minutes of cordless use.

#### **USB** charging

This beard trimmer comes with a USB cable for more flexible charging via your computer or any USB adaptor. The adaptor is not included (recommended adaptor Philips HQ80).

#### Choose any of the 5 looks

You can choose from 1mm stubble comb or any of the 3mm, 5mm or 7mm beard combs, to get the beard length you want. Alternatively, you can remove the comb and get the zero trim look of 0.5mm.

#### **Battery indicators**

The battery indicators in this trimmer let you know what your battery status is: low or charging. This way, you can charge your trimmer on time and you won't end up with an empty battery in the middle of your trim.

#### Skin-friendly blades

Blades have rounded tips for smooth contact with skin to prevent scratching and irritation.

#### Travel lock

The travel lock on the on/off button prevents the appliance from being switched on by accident.

#### Easy to clean

Detach the head and use the brush included to sweep away loose hairs for an easy dry cleaning. No oiling required.

#### **Philips Green Logo**

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas — Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
