## Whirlpool induction glass-ceramic hob - ACM 712/IX

2 induction rings. flexiCook zone technology, allowing you to combine multiple burners into a single cooking zone, for larger pots and pans. Electric power supply. An elegant technology, that heats the pan, not the hob, reducing energy dispersion and providing perfect cooking results. This Whirlpool induction glass-ceramic Hob features:

### Induction technology

Faster, energy-efficient cooking. Induction technology heats the pan, not the hob, reducing energy dispersion by 10%, and providing perfect cooking results.

### MySmartDisplay

By simply selecting one of the many Cooking Combinations, MySmartDisplay provides step-by-step assistance in real time. With a choice of food categories and cooking methods on its intuitive, uncluttered interface, MySmartDisplay offers a smart way to achieve the best outcome everytime.

### FlexiCook

Flexibility and performance. FlexiCook provides flexible cooking space for pots and pans of any size.

### Flexible Cooking

Automatic power settings. Select the cooking function on your touch display and your hob will automatically adjust the power level accordingly.

### Front Controls

Complete control over your cooking. Easily accessible and genuinely intuitive, the controls are conveniently positioned on the front panel of your hob, providing a frictionless cooking experience.

<KW

### Power management

Outstanding energy efficiency. With the Power Management function, you set the hob's power level, to avoid the risk of overloading the power supply in your home.

### Booster

Enjoy super fast boiling times with the Booster cooking zone.

BOOSTER  
3KW

### Booster 3Kw

Enjoy ideal results, faster. This Whirlpool Hob features a 3Kw booster for faster, effective heating results.
