## STANDARD PARTS FRUIT AND VEGETABLE STRAINER ACCESSORY

### Strainer tray and transparent splash shield

Fits onto the food grinder 5KSMFGA\*\* for processing/puréeing soft fruits and cooked vegetables to make foods such as jams, purées, apple sauce, sauces and baby food. It strains the food to a purée and separates any pips, stems or skins. So it's not necessary to peel or core any product before putting into hopper. Dishwasher-safe.

#### Large grind worm

The large grind worm is inserted in the food grinder attachment body. Dishwasher-safe.

### Strainer cone

The strainer cone should be attached over the large grind worm and works as a filter screen to separate any pips, stems or skins from the puréed ingredients.

Dishwasher-safe.

<sup>\*</sup> Not compatible with discontinued food grinder 5FGA.

<sup>\*\*</sup> Food grinder (5KSMFGA) and fruit/vegetable strainer (5KSMFVSP) sold separately.
