Specifications

Replacement Kit for HomeRun Vacuum and Mop Robots

- Nr. of filters: 2 x
- Nr. of main brushes: 1 x

- Nr. of side brushes: 1 x
- Suitable for HomeRun Vacuum and Mop Robots 7000 Series Aqua: XU7100/01, XU7100/02, XU7000/01, XU7000/02

Highlights

Washable filter (7000 Series)

The kit contains 2 x washable filters. The filter captures more than 95% of fine dust and particles of 0.3 - 0.5 um before the air is expelled back into the room. This results in a clean dust-free air in your home. The filter should be replaced every 3-6 months.

Main brush

The main brush underneath the robot loosens and lifts dirt and dust for a thorough cleaning. Replace the main brush every 6-12 months.

Side brush (7000 Series)

For a more thorough cleaning, the robot uses its side brush to sweep along edges, to bring dirt to the suction inlet. Replace the side brush every 6-12 months.
