KitchenAid 1.7 L Water Kettle 5KEK1701

- **1.7 L capacity variable temperature water kettle with brushed stainless steel inside** To boil water quickly for multiple servings of tea, coffee, cereals and more
- Variable temperature control Quickly and quietly heats water to desired temperature from 50 to 100° C
- Automatic heating technology Takes care of boiling the water, and automatically shuts off after boiling is complete
- Stainless steel single wall construction and premium non-drip spout design Durable, stable and easy to use Quick and controlled pour
- Removable and washable limescale filter, 360° rotation on swivel base and hinged lid with push button
 For easy cleaning, transfer of the kettle and moving freely
 To quickly and conveniently fill the kettle with water without hassle
- Water level gauge Ensures a perfect fill To always heat up the right amount of water

STANDARD ACCESSORIES

1.7 L water kettle

Generously sized water kettle to boil water for multiple servings. Not dishwasher-safe.

Lid with push button

The lid release button allows you to quickly and conveniently fill your kettle with water without hassle.

Base with power cord

Cord wrap feature allows you to prevent excess cord from sitting on your countertop. Not dishwasher-safe.

Removable limescale/mesh filter

Traps scale deposits for cleaner water. Clean under hot water with a soft brush or cloth, is not dishwasher-safe as the filter could get damaged.
