1.8L detachable water tank, Compact design, 2 steam settings, 32 g/min continuous steam, Up to 99.9% of bacteria* removed

STE1010/76

Highlights

Water tank

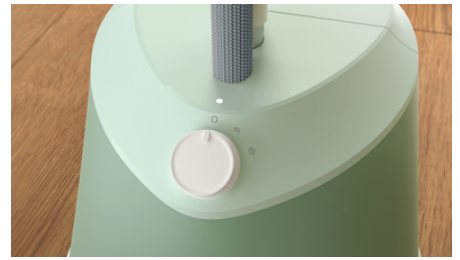

The large 1.8L water tank can be detached for easy refill to ensure long steaming sessions with no interruptions.

Continuous steam

The steam engine produces 32g/min of powerful continuous steam to easily de-wrinkle your garments.

Steam settings

Set your preferred steam setting between low and high for ideal results on different fabrics.

Compact design

Thanks to the compact design of the base and the collapsible pole, the steamer can be easily stored after use

Fast heat-up

Whenever you need it, the steamer is ready in 45 seconds to help you with last minute touch-ups.

Safe on all ironable fabrics

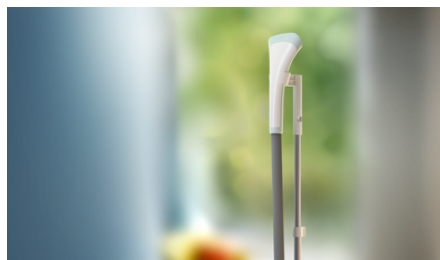

The steamer is safe to use on all ironable fabrics and garments. The steam plate can be safely pressed against any clothing with no risk of burning; a great solution for delicate fabrics like silk.

99.9% bacteria* removal

Prolonged hot steam kills 99.9% of bacteria and dust mites* and removes odors to keep garments fresh.

Adjustable pole(s)

The single pole can be adjusted to the desired height to hang your garments and steam them comfortably.

Accessories

A heat-proof glove is included to protect your hand during steaming.
