\*(1) Compared to regular fan blades design

\*\* (2) At the lowest speed setting. Sound power tested based on IEC60704.

\*\*\* (3) PMV calculation to ISO7730:2005, 8h/day, kWh price: 0.25 €, for 90 days, 42m<sup>2</sup> room, MAX mode

# Highlights

## Reach up to 25m

Long-range airflow that can reach up to 25 meters. Enjoy maximum comfort and feel refreshed no matter where you are; everyone in the room can feel the cool breeze.

## Circulation

Enjoy the feeling of a gentle breeze surrounding you with this air circulator fan, with a long-range airflow of 738 m<sup>3</sup>/h. Say goodbye to stagnant air and welcome a refreshing breeze that reaches every corner of your space.

## Ultra-quiet, as low as 23 dB

Experience 30% quieter operation with our innovative SilentWings technology (1). Drawing inspiration from the silent wings of nature's quietest flyer, the owl, our blade design ensures a quieter cooling experience with noise levels as low as 23 dB(A) (2) - quieter than a whisper!

## Quality and Durability

Made to last, season after season. With over 80 years of air care expertise, Philips performs over 110 rigorous tests on their fans before release, ensuring high quality and performance.

## Quiet sleep mode

Enjoy a cool and peaceful night's sleep with the Quiet Sleep mode. This mode gradually decreases the fan speed to the lowest setting over 30 minutes, helping you fall asleep naturally while also conserving energy.

## Natural breeze mode

The Natural Breeze Mode mimics a breath of fresh air; the intensity and speed of the air alternates seamlessly from high to low, creating a natural and invigorating indoor experience that can be enjoyed all year long.

## 2 Modes & 3 Speeds

Enjoy a gentle breeze or a more powerful blast of air with this versatile fan, which offers 3 speed settings, a natural breeze mode, and a tranquil sleep mode. Choose the setting that suits you best, lean back, and enjoy.

## Tilttable

Customize your comfort with a fan that tilts 180°, giving you refreshing air exactly as you need it – whether for direct cooling or air circulation throughout the room.

## Appealing, compact design

Effortlessly blending convenience and simplicity, our fan features a hidden blade design, for a clean and minimalist aesthetic. Compact and discreet, it saves space without sacrificing performance.

# Specifications

## Modes

Sleep mode: Tak  
Speed levels: 3  
Natural Mode: Yes

## Usability

Tilting: 180°  
Cord length: 1.8 m  
Min. noise level: 23 dB(A)  
Max. noise level: 40 dB(A)  
Timer: 1h, 2h, 3h, 6h, 12h

## Performance

Airflow: 738 m<sup>3</sup>/h  
Power consumption: 24W  
Standby power consumption: <1W  
Voltage: 220-240 V  
Airflow distance: up to 25 m

## Connectivity

App, connects via Wi-Fi: No  
Smartphone compatibility: No

## Weight and dimensions

Product weight: 2.3 kg  
Weight (incl. packaging): 4.1 kg  
Head size: 22 cm  
Product dimensions (L\*W\*H): 25.9 x 25.9 x 37.5 cm  
Packaging dimensions (L\*W\*H): 44.0 x 30.7 x 32.0 cm
