- Easy refilling through lid or spout
- Pilot light indicates when the kettle is switched on
- Easy-to-read water level indicator
- A cup indicator to boil only the water you need
- Spring lid with large opening for cleaning

PHILIPS

Highlights

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Pilot light

Elegant indicator light incorporated in the power switch illuminates when the kettle is turned on.

Spring lid with large opening

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

Removable filter

The removable and washable anti-calc filter gives you clear water for perfect drinks.

Water level indicator

The water level is easy to read with an indicator located on one side of the kettle.

Easy refilling

The kettle can be filled through the spout or by opening the spring lid.

Multi safety system

Multi safety system against boil-dry, with auto-switch off when the water is ready.

A cup indicator

Enabling consumers to boil the amount of water they need, and therefore saving up energy and water, contributing to a better environment.

Cordless + 360° pirouette base

The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.
