# **PHILIPS**

### 7000 Series

## **Hair Dryer**

ThermoShield Advanced

30% Faster drying\*

25% more consistent heat

Water ion, mineral ion, 8 x ion

# 30% Faster\*. Lighter\*\*. Ultimate hair protection. With ThermoShield Advanced Technology

The Philips 7000 Series Hair Dryer delivers professional results, fast. Millions of ions intensify your hair's shine, while ThermoShield Advanced Technology senses the temperature to protect hair from overheating.

#### Easy to use

- Volume diffuser with magnetic nozzle
- Magnetic styling nozzle attaches effortlessly

#### Ease of use

- Adjustable heat and fan speed for any hair and style
- Now 20% lighter\*\* for comfortable styling

#### Care for your hair

- Water ions bring moisture to your hair
- Ionic care system with 8 x\*\*\*\*\* more ions
- Mineral ions protect against UV rays\*\*\*\*\*\*
- Intelligent Hot and Cold Mode for year-round comfort

#### **Fast drying experience**

• Performs better than a 2300 W dryer\*\*\*\*\*\*\*

#### **Sustainability**

7000 Series BHD720/13

## Highlights

#### **ThermoShield Advanced**

Dual-sensor system continuously reads the temperature in your room and actively adjusts the drying temperature 24,000 times\*\*\* per session to protect your hair from overheating. Enjoy a 25% more consistent\*\*\*\* drying temperature in any environment.

#### **Powerful airflow**

Innovative fan blades and a specially designed heater work their magic for dry hair in just 4 minutes\*\*\*\*\*.

#### **Water ion**

Add moisture for soft, healthy-looking hair. Water ion technology generates over 1000 times more water content than without an ioniser.

#### **Mineral ions**

Keep your hair smooth and versatile. Mineral ion technology protects your hair against surface damage that can be caused by UV rays\*\*\*\*\*\*.

#### **lonic care system**

Ions intensify your hair's shine for frizz-free, glossy styling. Our powerful ionic system generates up to 80 million ions each drying session.

#### Now 20% lighter\*\*

The ergonomic design of the hair dryer is now 20% lighter\*\* so you can be stylish and comfortable at the same time.

#### **Intelligent Hot and Cold Mode**

Keep comfortable throughout the year.
Intelligent Hot and Cold Mode automatically sets the best drying temperature for the season\*\*\*\*\*\*\*\*. Blow drying with hot/cold mode can also preserve your hair's natural shine.

#### 8 heat and speed settings

Take control of your style with 4 heat settings and 2 fan speeds on the intuitive LED panel. Use the Cool Shot button for an intense burst to set your style, a must-have professional function for expert hair styling.

#### 22% less energy used\*\*\*\*\*\*\*

7000 Series BHD720/13
