- 45 seconds heat up time, to be ready in no time
- Safe on all ironable fabrics
- Kills 99.9% of bacteria and dust mites* to refresh garments
- Adjustable double poles for various height settings
- Integrated accessories for improved performance

Highlights

Water tank

The large 1.8L water tank can be detached for easy refill to ensure long steaming sessions with no interruptions.

Continuous steam

The steam engine produces 36g/min of powerful continuous steam to enable de-wrinkling with only a few strokes

Steam settings

Set your preferred steam setting for optimal results on different fabric. Use low steam for thinner fabrics and a more powerful setting for thicker fabrics and coats.

StyleMat/Styleboard

The Stylemat provides a soft vertical support while steaming. Hang your garments over the mat to easily achieve crisp results.

Fast heat-up

Whenever you need it, the steamer is ready in 45 seconds to help you with last minute touch-ups.

Safe on all ironable fabrics

The steamer is safe to use on all ironable fabrics and garments. The steam plate can be safely pressed against any clothing with no risk of burning; a great solution for delicate fabrics like silk.

99.9% bacteria* removal

Prolonged hot steam kills 99.9% of bacteria and dust mites* and removes odors to keep garments fresh.

Adjustable pole(s)

The double poles can be adjusted to the desired height to hang your garments and steam them comfortably.

Accessories

Extra accessories are included with the steamer to enhance your steaming experience: a heat-proof glove for extra protection, a fabric brush for deeper steam penetration and a hanger on top for better convenience.

Specifications
