

Philips 5000 Series
Cordless Vacuum

Digital Motor
60 min runtime
Attachable Aqua Module

XC5041/01

Reveal & clean hidden dust & dirt from your floors with PowerCyclone10 technology

The Philips 5000 series reveals hidden dust thanks to the LED nozzle, and removes it thanks to the PowerCyclone 10 technology.

Thoroughly removes dust, dirt and stains

- Combi and Crevice tool
- 3-stage filtration system keeps captured dust secure.
- Long-life battery runs for up to 60 mins¹ in eco mode.
- Digital motor for durability.
- Intuitive screen
- Aqua module allows you to vacuum and mop in one go.
- PowerCyclone 10 removes dust with optimal battery usage.

Cleans with precision

- Precise nozzle slides as close as 3 mm to the wall.
- Clean all floors in your house with the same device.
- LED nozzle exposes hidden dust, guiding every move.

Easy to use

- Detachable 25.2 volt battery for extended cleaning.
- Turns into handheld vacuum for cleaning different surfaces.

PHILIPS

Cordless Vacuum
Digital Motor 60 min runtime, Attachable Aqua Module

XC5041/01

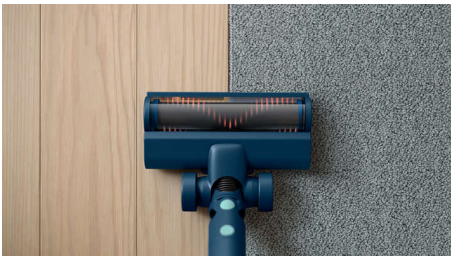

Highlights

PowerCyclone 10

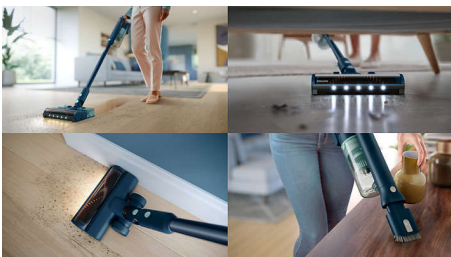

Our powerful technology delivers the perfect combination of efficiency and results. It's engineered for high dust pick-up while ensuring you get up to 60 mins of runtime on eco mode ¹, and 15 mins on turbo ².

Suitable for soft and hard floors

The nozzle of the Philips 5000 series delivers optimal performance on both carpets and hard floors, without needing to change nozzle or device.

Long-life battery

Clean your home in one go with a battery that lasts for up to 60 minutes in Eco mode, and 15 minutes in turbo.

Aqua module

Discover the satisfaction of mopping your hard floors as you vacuum. Our easy to insert & remove Aqua module uses a moist microfibre cloth to thoroughly remove different kinds of dirt and stains.

Enhanced UI

The new screen will guide your cleaning session, by continuously displaying the battery status and selected power mode.

Includes accessories

The device includes a 2 in 1 as well as crevice tool, so you can clean different surfaces and hard to reach places.

LED nozzle

Make every move count with the LED nozzle. It directs light to reveal the tiny dust particles, ensuring you have precise guidance as you go during your cleaning tasks.

Precise nozzle

Our nozzle is designed to slide extremely close to walls and plinth, removing dust and dirt from hard to reach places.

3-stage filtration system

98.5% fine dust and dirt remains sealed inside thanks to three ultra-fine filters. So once it's removed from your floor it stays that way.

Specifications

Nozzles and accessories

- Other accessories: Standard nozzle & aqua module, LED nozzle
- Accessories included: Combi and Crevice tools

Sustainability

- Recycled Plastic incl. accs.: > 90% recycled materials

Performance

- Runtime: Up to 60 minutes
- Runtime (Turbo): Up to 15 minutes
- Sound power level: <84 dB
- Battery voltage: 25.2 V

- Battery type: Replaceable Li-Ion Battery
- Charging time: Up to 5 Hours
- Airflow (max): 13.7 l/min

Design

- Color: Sage

Filtration

- Filter system: 3-stage filtration

Product weight and dimension

- Weight of handheld: 1.5 kg
- Dimension of box (w x h x d): 37.8 x 73.3 x 13.5 cm
