

Philips Series 600 Pedestal Fan

ACP620/01

- Fan airflow 3250 m³/h
- Quiet at 40 dB(A)
- Tilttable and oscillating
- Head diameter 45 cm

Powerful cooling, guaranteed

- Powerful cooling that you can feel even at a distance
- Ample airflow stream for instant comfort
- Quiet cooling at the lowest setting
- Built to last, thoroughly tested for quality
- Customize your comfort with adjustable speeds
- Automatic rotation and tilting to feel the breeze anywhere
- XL base for extra stability
- Energy-efficient cooling for everyday use
- Built-in safety features for worry-free cooling
- Height adjustable for your comfort
- Easy to set-up, easy to clean

Highlights

Powerful cooling range

With airflow reaching up to 30 meters, this fan ensures a pleasant and refreshing breeze that keeps the whole room comfortable.

Ample airflow stream

"Provides a powerful cooling airflow of 3250 m³/h to quickly cool the entire room. Say goodbye to stagnant air and welcome a refreshing breeze that reaches every corner of your space. "

Quiet cooling

Enjoy a peaceful environment for work, reading, or sleep with a gentle breeze that won't disturb you. Operating at a quiet 40 dB(A) at the lowest setting, it provides comfort without noise, keeping your space calm and relaxing.

Tested for quality

Made to last, season after season. With over 80 years of air care expertise, Philips performs over 110 rigorous tests on their fans before release, ensuring high quality and performance.

Customizable Speed

Easily adjust settings with 3 speed options, allowing you to choose from a gentle breeze to a more powerful airflow. Select the setting that suits you best and enjoy personalized comfort.

Rotation and tilting

Feel the cooling breeze in every corner. Our fan can be tilted 30 degrees and rotates 80 degrees automatically, ensuring even airflow throughout the whole room.

XL base

The XL base provides added stability, ensuring the fan stays securely in place even at higher speeds. This sturdy design reduces wobbling and enhances overall safety, allowing for a more reliable and steady cooling experience.

Energy-efficient

The fan is energy efficient, consuming a maximum of 45 W, less than a traditional light bulb and 50 times less than a standard portable AC, making it a cost-effective and eco-friendly choice.

Safety

This fan is built with safety in mind, featuring a thermal fuse, certified plug and RoHS standards. The thermal fuse cuts power if the motor overheats, while the certified plug ensures secure operation. RoHS limits the use of harmful materials, making this fan a safer choice for you and the environment.

Specifications

General Specification

Product Type: Pedestal Fan
Color: Black
Primary Material: Plastic

Technical Specifications

Maximum power: 45 W
Min. sound level: 37.1 dB(A)
Max. sound level: 43.1 dB(A)

Weight and Dimensions

Head diameter: 44.7 cm
Product Length: 44.7 cm
Product Width: 42.5 cm
Product Height: 122.0 cm
Product Weight: 5.14 kg
Package Length: 59.0 cm
Package Width: 18.5 cm
Package Height: 46.5 cm
Package Weight: 6.4 kg

Country of Origin

Produced In: China

Maintenance

Warranty: 2 years

Energy Efficiency

Voltage: 220-240V
Frequency: 50hz

Performance

Fan airflow: 3250 m3/h

Usability

Speed settings: 3
Cord length: 1.6 m
Oscillation: 80°
Vertical Tilt: 30°
Interface: Push
