## Highlights

### Mighty mopping

The robot vacuums and mops hard floors in one go, effectively tackling the fine layer of dust that accumulates daily, as well as more challenging messes like muddy paw prints and stains. The robot's double mops are designed to be gentle on surfaces yet tough on dirt. With a water tank capacity that is equipped to handle all your mopping needs in one go, saving you time and effort. Enjoy spotless floors and the confidence of clean feet, even when barefoot.

### Vacuuming powerhouse

Enjoy double the power with our robot's unparalleled suction power of 10,000 Pa<sup>2</sup>. It's not just about tackling the visible crumbs and pet hair; it's about going deeper. Experience a new level of clean that ensures even the most hidden dirt is captured, leaving your floors immaculate and your home feeling refreshed.

### Auto-Empty station

Experience 70 days<sup>3</sup> of hassle-free convenience with the stylish Auto-Empty station. The robot empties itself automatically into the Auto-Empty station. The station features a 3.0 liter S-bag that can hold up to 70 days worth of dust and other dirt, to save you the hassle of emptying. The universal S-bag can be hygienically disposed without a cloud of dust - ideal for asthma and allergy sufferers.

### Stays out of trouble

Designed to navigate the chaos of daily life, this robot doesn't wait for a tidy house to get to work. With its advanced line-laser technology, the robot effortlessly detects and steers clear of small obstacles, from shoes to children's toys, ensuring a thorough clean around them without a hitch. It offers unparalleled detection capabilities, safeguarding your home's cleanliness even in low-light conditions. Live hands-on while our robot takes care of the mess, ensuring your peace of mind and a spotless home, anytime, anywhere.

### Anti-tangle

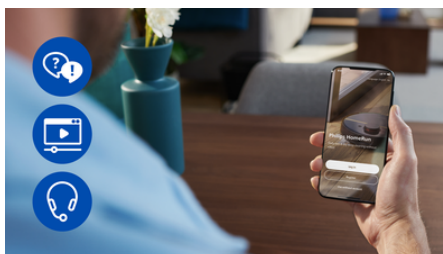

Discover the ease of the HomeRun 5000 series with its revolutionary anti-tangle feature. Say goodbye to the tedious task of removing tangled hair from brushes. Our anti-tangle mechanism efficiently allows hairs to be vacuumed away, ensuring your robot operates at peak performance with minimal maintenance. Enjoy more leisure time and less mess, as the HomeRun 5000 keeps your floors immaculate and your hands clean.

### Maximum coverage

With cutting-edge line-laser technology, our robot maps your home with precision, following an efficient cleaning path that glides from room to room. It delves deep into corners and sweeps along walls, leaving no spot untouched. Its slim design allows it to whisk away dirt from under furniture, and with the ability to overcome obstacles up to 20 mm, it crosses thresholds and onto carpets. Your home will be meticulously cleaned, as our robot turns the labyrinth of your living space into a stage for spotless performance.

### Connect your HomeRun robot

The Philips HomeRun robot app has been designed to be intuitive and easy to use. It features step-by-step guidance and helpful videos to ensure you get the very best out of your robot. The app communicates with your robot to control, report and update on its cleaning performance wherever you are, showing in real time where the robot has cleaned. Specify how you would like to clean

### Powerful battery

The powerful 4800 mAh Li-Ion battery ensures a run time of up to 200 minutes<sup>5</sup>, enough for a large home. When the battery runs low, the robot will automatically return to the station to recharge. Once the battery is charged, it will return to the place where it has left off to resume the cleaning.

# Specifications

## General Specification

Primary Material: ABS Plastic  
Color: Cashmere grey  
Functions: Vacuum and Mop in one go  
Product Type: Robot Vacuum Cleaner  
Wet cleaning functionality: Yes  
Carpet boost: Yes  
Type of main brush: Rubber brush with bristles  
Liftable main brush: No  
Filter-Type: Washable EPA 10  
Hair detangling: Yes  
Nr. Of side brushes: 1  
Mop Technology: Dual rotary mop  
Liftable mop: No  
Can be used with detergents: No  
Type of navigation: LDS  
Small obstacle detection: Yes, obstacles of 2.5 (h) x 2 (w) cm and bigger  
Obstacle crossing ability: Up to 20 mm  
Dirt detection: No

Internet connectivity: Connect via Wi-Fi, Dual band  
Wi-Fi range: 2,4 GHz & 5 GHz  
Smart home compatibility: Yes, basic controls through Alexa & Google Assistant  
Capacity Clean Water Tank (in robot): 270 ml  
Capacity Dust Bin (in robot): 260 ml  
Integrated on /off switch: Yes  
Power light: Yes  
Noise level (standard): ≤66dbA  
Auto recharge function: Yes, will charge when the battery is empty and continue where it left off when done charging.  
Battery runtime: Up to 200 minutes  
Recharge time: max. 6 hours  
Battery capacity: 4800 mAh  
Removable battery: Yes  
Certifications: CB & NB  
Suction power: 10000 Pa  
Battery Product: Yes  
Battery type: Lithium-ion  
Voltage: 14.76 V  
Frequency: 50/60 Hz  
Warranty: 2 years  
EU declaration of conformity: Yes  
Produced In: China

## Station

Auto-Emptying functionality: Yes  
Mop cleaning functionality: No  
Mop drying functionality: No  
Automatic refilling of robot: No  
Automatic collection of dirty water: No  
Capacity Dust bag (in station): 3.0 l  
Dust bag type: Anti-allergy S-bag  
Cord length: 150 cm  
Cord storage: Cable ties  
Charging Station: Yes

## App

APP name: Philips HomeRun
