Whirlpool

Inverter compressor models

10 years warranty on compressor

MODEL
WMVOA180/181
Capacity Nominal 1.5 Ton

WMVOA240/241
Capacity Nominal 2.0 Ton

MODEL
WMVOA300/301
Capacity Nominal 2.5 Ton

UNIQUE FEATURES & BENEFITS

6th Sense

Sensor based system automatically adjusts the control parameters of cooling, de-humidification and fan speed to achieve the ideal comfort level.

4 Way Swing

4 Way Swing function controls the vane and the louver to distribute cool airflow both vertically and horizontally. It quickly and effectively sends optimized cool air in several directions.

Jet Function

Instantly reduces the temperature by 5° C in just 10mins. Rapid and efficient adaption to changes in temperatures, ensuring continued comfort.

Purification, HEPA Filter

Whirlpool's High-Efficiency Particulate Arresting Filter removes 99.9% of bacteria and particulate from the air you breathe.

Power Save Mode

Delivers power savings of up to 41% compared with conventional systems. So you can spend less on utility bills and more on the good things in life.

Auto Temperature Control

A sensor built into the remote control detects the temperature where you are, not just where the indoor unit is and helps you in getting uniform room temperature.

OTHER FEATURES

Sleep Mode

Sleep Mode brings noise reduction and with the Dim Function, the panel LEDs will shut down for the night to avoid any disturbance to your sleep.

High heat exchange efficiency

With high heat exchange efficiency, it makes for faster cooling by being able to transfer ambient heat at a higher rate & therein reducing power consumption.

Auto Clean

Removes water from the air and re-uses it to wash dust & grease off the evaporator. When switched-off, the self-cleaning system automatically switches to heating mode to dry the evaporator.

LED Display

LED display allows you to monitor the temperature level.

Sensor Touch Remote Control

With its smooth, uninterrupted surface, the sensor touch remote is a pleasure to use.

TECHNICAL SPECIFICATIONS

Model number		WMVOA300/301	WMVOA240/241	WMVOA180/181
EAN code		8690842772702	8690842772689	8690842772665
System Type		Cool only	Cool only	Cool only
Capacity /BTU Nominal		30K BTU	24K BTU	18K BTU
