** (1) This appliance with AI-powered Auto Plus mode can save up to 50% kWh compared to the same appliance with manual control, and up to 25% kWh with temperature control alone. Savings vary based on weather, geographic location, room layout, and usage patterns
*** (2) Sound level at speed 1, based on IEC 60704-2-2
**** (3) Displayed temperature in App may differ from the room temperature; it reflects the temperature around the heater

Highlights

Immediate comfort with rapid 2-second heating

Experience powerful, immediate warmth in just 2 seconds with adjustable power up to 2000W. Ideal for rooms up to 20m2 in size.

Ultra-quiet with noise levels lower than a whisper

Experience the comfort of warmth with noise levels as low as 24dB(A) - quieter than a whisper - thanks to its low-noise DC motor (2). Ideal for a restful night's sleep, a focused office environment or a peaceful ambiance in your living room.

EcoAI saves up to 50% energy vs regular fan heaters (1)

The world's first electric heating range that uses AI to save energy whilst heating the room. Our EcoAI Technology adjusts to your room's temperature, analyzes usage habits, and monitors the outside temperature to optimize energy consumption. Simply activate the Auto+ mode in the Air+ app to discover more features and enjoy personalized comfort with energy savings up to 50% (1).

Ultimate control with the Philips Air+ App

Pair the air purifier with the Air+ app for indoor and outdoor air quality monitoring, remote control, and voice commands via Google and Alexa. In the app, select Auto+ mode for AI technology that adapts to your routine while minimizing noise and energy use.

5x advanced safety features for peace of mind

The 3000 series is built with 5 advanced safety features: (1) tip-over protection, (2) 65° overheat protection, (3) a VDE-certified safety plug, (4) flame retardant materials, and (5) a safety auto-off after 16 hours of inactivity. Providing warmth that you can trust.

Customize your experience with 5 versatile modes

Set your auto target temperature from 1-37°C and customize your warmth with 3 power modes - 900W, 1200W, and 2000W (3). On warmer days, enjoy a gentle breeze with the ventilation mode, adding an extra layer of comfort to your environment. For optimal energy efficiency, engage the Auto+ mode, which utilizes our energy-saving EcoAI Technology to efficiently heat your room.

Maximize heat coverage in your room with 45° oscillation

45° oscillation ensures that warm air is circulated throughout your room. No more cold spots, just a comfortable and cool experience.

Sleek and compact design

The 3000 series combines powerful warmth with a sleek, stylish design that complements any room. With its compact dimensions of just 24.9cm in height and 19cm in width, as well as a premium vegan leather handle, it can fit seamlessly into any corner.

Easy to carry with a built-in leather handle

Wherever you need warmth, our heater is there. Designed for easy portability, its lightweight build at just 1.7kg and convenient premium vegan leather handle allow you to move it from room to room effortlessly. Enjoy warmth wherever you choose to relax or work.

Specifications

General Specification

Product Type: Heater
Technology: Eco AI Technology
Color: Dark grey
Primary Material: Plastic
Internet connectivity: Yes
Wi-Fi range: 2,4 GHz
Voice control: Yes (Alexa & Google Voice)

Technical Specifications

Maximum power: 2000W
Power settings: 3 (900W, 1200W, 2000W)
Temperature control: 1-37°C
Temperature display: No (only in App)
Ventilation mode: Yes
Oscillation range: 45°
Min. sound level: 24 dB(A)
Max. sound level: 40 dB(A)

Safety feature

Overheat protection: Yes
Tip-over protection: Yes
Automatic shut-off: Yes
Flame retardant: Yes
Certified plug: CE, UKCA, IEC

Energy efficiency

Stand-by power consumption: <2W
Voltage: 220-240V

Maintenance

Warranty: 2 years

Country of Origin

Produced In: China

Performance

Recommended room size: 20m²

Usability

Cord length: 1.5m
Scheduler: Yes
Timer: 1-12 hour(s)
Interface: Touch, LED
