# Highlights

## Steaming function

Pillowy dumplings, tender veggies, and savory fish, all made in our airfryer with steam function. It infuses the perfect amount of steam without making food soggy, preserving up to 87% nutrients.\*\*\*\*

## Steamfry function

Now you can have the best of both worlds. Airfry and steam at the same time for a golden crunch on the outside and juicy tenderness inside. Perfect for golden cinnamon rolls, crunchy-baked breads, succulent chicken, and next-level veggies. No more burning or undercooking.\*\*\*\*\*

## Steamclean technology

The fat buildup in the basket is softened and easier to be removed with our automatic SteamClean function.

## Patented rail system

Whether you only have one hand free or need quick access while cooking, our patented EasySlide Rail technology\*\*\*\*\* makes checking, shaking, or adding ingredients easier than ever. Designed for ultimate convenience and safety, the sliding mechanism glides smoothly and securely, ensuring the basket stays upright and stable on its tracks at all times. Compared to placing the hot basket on your countertops, it will reduce the risk of burns, creating a safer and more seamless cooking experience.

## RapidAir Plus Technology

No more burning or undercooking. RapidAir Plus Technology with its unique star-shaped design allows hot air to circulate faster around and through the ingredients\*\*\*, evenly cooked every time with up to 90% less fat.\*

## 7.2L capacity

Cooks up to 1.4kg of veggies, 10 drumsticks, 6 salmon fillets, or 9 muffins.

## Cooking window

No more guessing: Watch it cook through the window and see when it's done to perfection.

## PFAS-free coating

Our next-gen coating is PFAS-free: non-stick, durable, scratch-resistant surface and easy to clean.

## 21 ways to cook

Explore 21 ways to cook, from baking and grilling to steaming and reheating. Settings go as low as 40°C and as long as 24 hours for dehydrating and fermentation.
