

Philips All-in-One Ironing Solutions All-in-One 8500 Series

AIS8530/26

- Integrated multi-angle board
- OptimalTEMP technology
- Detachable and portable base
- Dual-heating technology
- Up to 99.9% of bacteria* removed

One system. Powerful and convenient.

More versatility, performance, and convenience**

- Integrated multi-angle adjustable ironing board
- Dual-heating technology for better performance**
- OptimalTEMP, guaranteed no burns on all ironable fabrics
- Detachable base for flexible use around the house
- Ergonomic iron+ head makes ironing pleasantly light
- Kills 99.9% of bacteria and dust mites* to refresh garments
- Retractable top hook for easy hanging of clothes
- Integrated wheels for easy transportation
- Long-lasting steam performance without the need to descale
- Large 1.2L water tank to de-wrinkle more garments in one go
- Fast heat-up in a short time: 90 seconds

*tested by third party institute for E. Coli , S. Aureus, C. Albicans and mites on cotton with 10 seconds steaming time

***compared to our Philips steam irons

***** vs steam irons, according to consumers, product placement test October 2022

Highlights

Integrated, multi-angle board

The multi-angle ironing board can be tapered to any position for a convenient experience. Horizontal position to iron the most difficult fabrics, vertical to steam delicate garments.

Dual-heating technology

The dual heating technology provides powerful steam penetration to remove creases with better performance than a steam iron**, making your garments look their best.

No burns guaranteed

OptimalTEMP technology prevents burns on ironable fabrics, so you can iron everything from jeans to silk without any problems.

Detachable base

The removable base is portable for all your home needs: from steaming upholstery and curtains to sterilizing furniture and beds. Simply disconnect it and the iron head and take them with you.

Lighweight ironing

At half the weight of a regular steam iron***, the ergonomic iron+ head ensures you can decrease clothes in comfort.

Up to 99.9% bacteria* removal

Prolonged hot steam kills up to 99.9% of bacteria and dust mites* and removes odors to keep garments fresh.

Retractable top hook

The top hook conveniently supports the hanger when ironing garments vertically or when stored.

Integrated wheels

Integrated wheels conveniently help you transport the device with ease and speed to wherever you need it.

No descaling needed

There is no need to descale thanks to the unique design of the dual motors. This technology ensures long-lasting performance without descaling.

Specifications

Size and weight

Packaging dimensions: 40*60.5*60 cm
Power cord length: 1.5 m
Total weight with packaging: 15.7 kg
Product dimensions (W x H x L) fully extended: 49.5 x 50.5 x 155 cm
Weight of iron: 0.74 kg
Total weight of the product: 11.9 kg
Product dimensions (W x H x L) stowed away: 49.5 x 50.5 x 121 cm
Dimensions of the soleplate of the iron: 196 cm²
Dimensions of the ironing mat (W x H x L): 36 x 83 x 3 cm

User-friendly
