Highlights

Neodymium speakers

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and a pure balanced sound quality.

PC synchronization

Dock it, play it, sync it and charge it! Dig in to your favorite music on your iPod or iPhone while it charges and synchronizes with your PC via USB – and enjoy superb sound quality together with thoroughly unbeatable convenience. Let the great tunes go on and on – without ever running out of power.

Dock iPod/iPhone in its case

Smartly designed spring-loaded docking port effortlessly accommodates any iPod or iPhone, without special adaptors. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

DockStudio app on App Store

The free Philips DockStudio app brings lots of cool exclusive features to your docking speaker. You can listen to your favorite radio shows, discover new music with thousands of Internet radio stations worldwide, browse through your music collection and share what you're listening to with friends via Facebook and Twitter. In Clock mode, it lets you set multiple customized music alarms and gives updated weather reports. Download it from App Store and find out more.
