Highlights

AUX-in for easy connection

AUX-in for easy connection to almost any electronic device

Compact design

Compact design for any space, any lifestyle

Dock in its case

The smartly designed spring-loaded docking port of this Philips speaker effortlessly accommodates any iPod or iPhone, without special adaptors. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

PC synchronization via USB

Dock it, play it, sync it and charge it! Dig in to your favorite music on your iPod, iPhone or iPad while it charges and synchronizes with your PC via USB – and enjoy superb sound quality together with thoroughly unbeatable convenience. Let the great tunes go on and on – without ever running out of power.

Superb gaming sound effects

The gaming experience is never complete without great sound effects. Now your games from Smartphone or any portable device can be made even more thrilling, thanks to Philips docking speaker that puts the boom in the sound. Hear all the sounds loud and clear, and boost your experience to new levels. What's more, you can do this with outstanding convenience, via Bluetooth. Simply make the wireless Bluetooth connection between your portable device and the docking speaker, and play away.

DockStudio app on App Store

The free Philips DockStudio app brings lots of cool exclusive features to your docking speaker. You can listen to your favorite radio shows, discover new music with thousands of Internet radio stations worldwide, browse through your music collection and share what you're listening to with friends via Facebook and Twitter. In Clock mode, it lets you set multiple customized music alarms and gives updated weather reports. Download it from App Store and find out more.
