Highlights

Glass aroma jug

The Philips Aroma jug is made of glass and designed to optimally preserve the coffee flavor.

Aroma Swirl

The Aroma Swirl is the smart nozzle inside the jug of this Philips coffee machine. The Aroma Swirl mixes the inflowing coffee evenly with the coffee inside the jug for an optimal and consistent aroma.

Cord storage

Storing the cable under the coffeemaker will avoid cable clutter for a clean kitchen work top.

Detachable filter holder

The filter holder of the coffee machine is detachable, which makes it easy to fill in coffee or clean.

Drip stop

Drip stop to interrupt coffee brewing whenever you want to pour a cup of coffee

High speed brewing

High speed pump ensures optimal aroma.

LED power switch

Light indicates that the Philips coffee machine is switched on.

Water level indication

The coffee machine's water level indication allows for easy filling of the water tank.
