Ease of cleaning and maintaining

- Always a clean machine thanks to auto-clean and descaling
- One click removable brewing group
- Dishwasher-safe drip tray and integrated carafe
- Sleeker look and design thanks to stainless steel finishes

PHILIPS

Saeco

Highlights

Sleeker look and design

Cutting-edge design and longer-lasting performance are the result of the appliance's stainless steel finishes.

100% Ceramic Grinders

Our ceramic grinders never overheat, ensuring you a perfect grinding, long-lasting performance and totally silent operation

Quick heat boiler

Our heating boiler technology is super-fast, allowing immediate brewing of each cup of coffee beverage one after the other.

Memo function

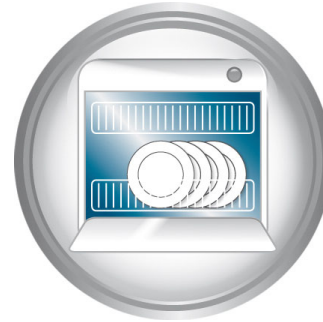

You will always get a perfect cup brewed just for you, according to your personal preference, thanks to our Memo function with adjustable length, strength and temperature. Pressing a button is all you'll need to do to enjoy a superb beverage in your favourite cup.

Adjustable spouts height

The right temperature and never any splashing thanks to our adjustable spouts that always guarantee a perfect distance between them and your cup.

Dishwasher-safe drip tray

You can comfortably put the drip tray and integrated carafe in your dishwasher, giving them a perfect time-saving clean.

Adjustable grinder

5 adjustable grinding preferences, from the finest for a full bodied espresso to the coarsest for a lighter coffee.

One click removable group

The brewing group – a Saeco invention- is the heart of our machines, ensuring that the machine makes everything on its own. Thanks to its easy access, you can effortlessly remove it for regular cleaning with just one click.
