Easy to use

- Dynamic multi-media user interface
- Ergonomic in day-by-day operations

Ease of cleaning and maintaining

- Automatic cleaning and de-scaling
- Frontal access to removable brewing group

PHILIPS

Saeco

sense and simplicity

Highlights

SBS (Saeco Brewing System)

Saeco exclusively allows you to adjust your espresso's intensity, altering the crema and body structure as it is dispensed. Simply by turning the knob you can prepare the crema exactly according to your taste. A little knob that makes a big difference.

6 users x 9 beverages

With this coffee machine Up to 9 coffee specialties can be personalized by 6 different users – every family member gets his or her own favorite customized specialty with just one touch

Adjustable milk froth

Only Saeco coffee machine offers an intelligent milk froth adjustment system. Simply select the level of froth you'd like via the beverage menu.

Autocleaning and de-scaling

Easy to use includes easy maintenance: Thanks to the automatic cleaning and de-scaling cycles, you are guaranteed perfect enjoyment every day and maximum longevity for your automatic espresso machine.

Multi-media user interface

The wide color TFT screen allows colorful and dynamic pictures to always know exactly what the coffee machine is doing or what it needs

Removable brewing group

The brewing group is at the heart of every fully automatic coffee machine and it should always be kept clean. A task that doesn't get any more convenient than with a Saeco: remove, rinse and re-insert – finished.

Full customization

Everything just the way you like it: With this coffee machine you can choose your favorite coffee blend and adjust coffee length, intensity, temperature, crema and body structure until they all meet your personal taste perfectly.

Ergonomic day-by-day

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments of the full automatic coffee machine are directly accessible.
