- Cool tip for easier and safer use
- 1.8m power cord

**PHILIPS**

sense and simplicity

## Highlights

### 1.8m cord

1.8m power cord

### Automatic shut-off

The automatic shut-off feature has been designed to provide peace of mind. If left on, the styler will automatically switch off after one hour.

### Vivid, bouncy curls

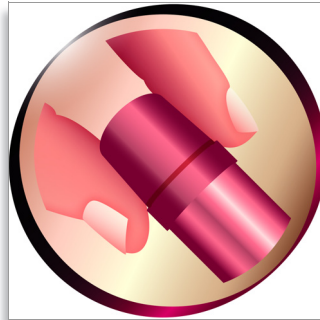

With the barrel diameter of 16 mm barrel you can create bouncy, full of life curls and ringlets for joyful and young look

### Gentle on your hair

Protective ceramic coating ensures even heat distribution and less hair damage. Wrap sections around the barrel's protective surface to lock in the hair's natural nutrients and to create smooth, stylish, healthy curls and maximum shine.

### Cool tip

The tip of the styler is made from special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.

### Dual voltage

Dual voltage for worldwide use

### Safety stand

The safety stand enables you to put the curler down safely during use.

### Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

### Top temperature of 190°C

Top temperature of 190°C enables you to change the shape of your hair and guarantees optimal results, while minimizing hair damage.
