# Highlights

## Pleasant sound

The design of the air inlet grill allows for increased air flow while, the shape and size of the dryer improves flow of the air through the dryer. The result is faster, more effective drying power with a pleasant sound\*. Now you can enjoy a powerful and comfortable experience. \*Tested with 75 women in France 2014.

## Compact design

Compact and ergonomic, this hairdryer benefits from a clever modern design. The result is a dryer that is light and easy to handle yet small enough to store virtually anywhere.

## Narrow concentrator

The concentrator focuses the air flow of air for precision styling. Great for touch ups or to set your style.

## Easy storage hook

A rubberized hook can be found on the base of the handle. Use to store easily at home or if staying at a hotel.

## 1.8m cord

1.8m cord.

## 1800W for perfect drying

This 1800W hairdryer creates the perfect level of airflow and drying power, for beautiful results every day.

## ThermoProtect temperature

The ThermoProtect temperature setting maintains a constant caring drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you can achieve great results in the most caring way.

## Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
