PHILIPS

Steam generator iron with OptimalTEMP technology
Up to 6.5 bar pressure 350 g steam boost, Carry lock, 1.5 L detachable watertank

GC9247/36

Highlights

OptimalTEMP technology

Now you can iron from jeans to silk with no temperature setting required. Guaranteed no burn on all ironable fabrics. Revolutionary technology with the 1) Advanced Smart Control Processor which controls precisely the soleplate temperature. You do not need to adjust temperature 2) Powerful Cyclonic steam chamber which delivers powerful consistent steam, making ironing easier and faster.

Steam ready in 2 minutes

Steam is ready at maximum level in 2 minutes, and refill the water at anytime

Up to 6.5 bar pressure

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

Easy De-Calc

Easy De-Calc, hassle free & effective scale removal to extend the life of your steam generator.

Safety auto off

The safety auto off function automatically switches off the appliance if it has not been used for 5 minutes, to save energy.

1.5 L detachable water tank

The watertank can be removed to be refilled easily under the tap. The large filling hole makes the refilling fast. Thanks to the 1.5 L watertank capacity, you can iron up to 2 hours continuously without any refills.

Safe rest

The Philips innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. During ironing, no need to put your iron back to the base station, just leave the hot iron soleplate directly on the garments or cotton ironing board cover without additional resting accessory. It will not damage any of your ironable garments, neither the board.

This makes your ironing easier with less wrist efforts.

Tested and approved:

This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI, IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far the only brand able to be certified with the Gold standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

Safety carry lock

Your steam generator iron comes with a safety carry lock. You can lock your iron safely on the base, making it safer, reducing the risk of people touching the hot soleplate. You can also carry the steam generator easily.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
